EDITORIAL

I would like to thank Mr. Schweare for making our suggestion box. Up until now, however, the only contributions have been one for a recipe corner and, of course, a few top tunes. Come on, everybody, let's have some letters!!

We mustn't forget to thank our behind the scenes man, Michael Quigley, for coming over and typing out our paper, in his own time, too.

How about some letters of interest on a favorite topic, The BEATLES??

All that mounting tension, heart-break, and worry is over. Exams are finished, over, and done with.

The exams, horrible as they were, were not as bad as expected. But now, they are over, and there is fun ahead. The days following the exams will be filled with excitement as we cheer our teams on to victory.

Regarding School Spirit -

I think that if we did not get discouraged about school spirit, then we might get more kids out to the games. If we had more "Slave Days" and "Clash Days" and a few originality days, then we would get the students going and soon have overloaded side lines at our games.

Also, the students should take more part in getting ready for socials and sock hops by decorating, etc. Then we would have more turn out.
